Personal Profile

Computer Science student at "La Sapienza" in Rome, passionate about algebra and Blockchain. So far I have completed several courses that have allowed me to acquire a solid basic knowledge of Computer Science. In particular, I found very interesting courses such as Algorithms, Programming Fundamentals, Human Machine Interaction and Computer Networks, and they allowed me to teach my Problem Solving and programming skills in different languages.

Education

La Sapienza University   *Rome, IT*

BSc in Computer Science   *October 2020 - Current*

- **Courses:** Algebra, Algorithms, Architectures, Automata Theory, Differential Calculus, Fundamentals of Computer Science, Integral Calculus, Mathematical Logic, Numerical Methods, Operating Systems and Computer Networks, Probability Theory, Digital Systems, Compilers, Computer Security, Artificial Intelligence Laboratory, Operating Systems, Java Programming, Fundamentals of Computer Science, Software Engineering.

University Projects

Chess   *Rome, IT*

La Sapienza University   *May 2023 - June 2023*

- Chess Project
- **Technical Skills:** Python, Overleaf, LaTeX.
- **Soft Skills:** Time Management, Teamwork, Presentation skills, Report writing.

Skills

Programming	Python (NumPy, etc.), C, Java, SQL, LaTeX, Markdown
Miscellaneous	Linux, Shell (Bash/Zsh), LaTeX(Overleaf/R Markdown), Microsoft Office, Git.
Soft Skills	Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

Achievements

2016   **Interregional Astronomy Olympiad Qualifications**,   *Rome*

Interests

Linux	Since 2019, I have been in love with Linux. I recently switched to Mac OS, which feels like a premium of Linux.
Technical Writing	Writing blog posts about my personal finance, investment performance, macroeconomics and my analysis income/expenses
Personal Finance	I Track my finances since 2019 by consciously improving my Excel skills by studying macro economics.
Art	I have always enjoyed drawing since I was a child. Recently, I have shifted to digital art mostly on
